Greeting from the Chancellor

Dear Prospective Student,

I want to commend you for asking Jesus, “What is my next step in reaching my destiny in Christ?” Since 1998, Wagner Leadership Institute has helped open the doors of destiny to thousands of students worldwide whom like yourself were willing to invest in training that will produce spiritual fruit in your heart, life and ministry.

Since assuming the role of WLI International Chancellor, it has been my honor and privilege to carry on and shepherd the vision of our Founding Chancellor Dr. C. Peter Wagner, building on his legacy and track record of developing leaders. The aim of Wagner Leadership

Institute remains to provide strategic impartation and activation to church, ministry and marketplace leaders who desire practical up-close and personal training.

Dr. Wagner recognized the need within the body of Christ to take training from the realm of theory into the arena of practical ministry. WLI continues to distinguish itself from other schools and methods of training by focusing on this new teaching paradigm – impartation and activation – in an intimate classroom setting with instruction from proven Apostles, Prophets, Evangelists, Pastors and Teachers. I strongly encourage you to consider pursuing one of the three practical ministry diplomas: Bachelor of Practical Ministry, Master of Practical Ministry or Doctor of Practical Ministry. Earning training units can be done at your own pace, pay as you grow, through a combination of live courses and study at home.

I am excited to share that the Lord continues to breathe on the DNA of Wagner Leadership Institute. We are growing rapidly with new apostolic training centers rising up across the globe. At this point, WLI has 39 schools in 14 nations. Also, WLI continues to add successful Kingdom leaders to our growing roster of core faculty. We are currently releasing new ways to expand the scope of WLI’s training through new curriculum tracts while improving the services of WLI Central and strengthening our regional training centers. I am truly excited about the future of WLI, I believe the best is yet to come!

I invite you to come be activated to go forth in God’s end time harvest. I pray that the Holy Spirit will lead you as you pray about enrolling in WLI.

In His Love,

Dr. Ché Ahn
International Chancellor

Mission

Founded in 1998, WLI reflects a new paradigm for unique training in practical ministry. Students learn in a creative, revelatory atmosphere of teaching, impartation and activation with opportunity for hands-on practical application and ministry. WLI provides the highest level of training and spiritual impartation through a successful faculty of internationally known leaders who walk and minister powerfully out of the five-fold ascension gifts.

WLI has Regional Training Centers located across the U.S. and International Training Centers located in many different countries. Visit our website for locations and contact information for WLI International and Regional Centers.

Admissions Procedure

Student applications can be downloaded from our website. Submit student applications with your \$25 application fee. The WLI Registrar will determine your diploma track and advanced standing (if any). Diploma tracks and advanced standing are based on education level, ministry training and experience. Advanced standing will reduce the number of training units required for your diploma. The WLI Registrar will then mail you an acceptance letter describing your placement status and graduation requirements. To activate your student status and account, submit your \$100 acceptance fee. Application and admission fees are non-refundable.

WLI students come from a wide variety of backgrounds, educational levels, experience and nationalities. We encourage all who desire to be trained for kingdom ministry to apply. Students must be a minimum of 18 years of age.

Diplomas

WLI desires to remain unhindered from traditional higher-level educational format requirements and is not an accredited institution. WLI offers three diploma tracks: Bachelor, Master, and Doctor of Practical Ministry. Diplomas do not certify levels of attainment, but rather accumulation of training units.

Courses

WLI courses may be taken for training unit credit or may be audited. Students may take courses in person, view live courses via webcasting, or take home study courses through our new on-line training school, or by CD/DVD. Non-WLI (outside) courses and conferences may be taken for WLI training unit credit with pre-approval from the WLI Registrar.

Course Registration

Students may register for courses through the WLI website or by contacting the WLI office. Course tuition must be received prior to class start. Registration closes when maximum class size is reached. Walk-ins are permitted as space allows.

Earning Training Units

Training units are earned once a course is taken and a 3-5 page typed self-evaluation paper is submitted to the WLI Registrar. Self-evaluation papers are due no later than 90 days after completion of the course. Self-evaluation papers for CD/DVD courses are due within a one year period after CD/DVD purchase. All courses are pass/fail. Students fail a course only when they neglect to turn in papers on time.

Students may also receive training units for reading books on course subjects, on-going ministry, missions trips, writing books, attending outside courses/conferences, and personalized studies with pre-approval from the WLI Registrar. The WLI Registrar will assign training units associated with each of these activities.

Training Unit Cost

WLI tuition is based upon training units. Cost per training unit varies between WLI locations. Two training units are assigned for each full day in class. Students pay full course registration price when attending or webcasting a course. When purchasing courses on-line, or through CD/DVD, tuition payments are made in two installments—the first when purchasing the course and the second

when submitting the self-evaluation paper. On-line courses are considered WLI Central courses.

WLI tuition will be charged for training units earned from reading reports, on-going ministry, missions trips, writing books, attending outside courses/conferences, and personalized studies. A portion of your outside course registration fees may be deducted from your WLI tuition payment.

Diploma Requirements

Each diploma track requires a completion of 120 training units (TUs). For each diploma track, 60 TUs must be earned from WLI courses and 32 TUs must be taken in a live format (attending class, webcasting, or outside course/conference). On-line, CD and DVD courses are not considered live courses. For each diploma track, at least 24 TUs must be earned from WLI Core Courses.

New WLI Core Topic Areas

The purpose of WLI can be summarized in Ephesians 4:12 which emphasizes the role of the fivefold ministry to equip and release the people of God into their destiny. The fivefold core areas emphasize the importance of alignment, teamwork, and impartation into our lives. Each of the core areas is listed according to function, and not title. Coupled with the seven mountains, the fivefold encourages all students to move in their gifting regardless on all of the mountains the Spirit has given them influence in. Our goal in WLI is to have instructors that evidence a high level of operation in one of the fivefold ministry's. As the core areas, the fivefold and seven mountains pronounce the biblical truth that everyone is called and how to apply the truths we learn into practical ministry.

The new WLI core curriculum now reflects the fivefold ascension gifts and the seven mountain mandate. The core areas of study are now apostolic, prophetic, evangelism, pastoral, teaching and seven mountains. Please note that all previous course areas and courses (apostolic, prophetic, healing/signs and wonders, intercession, spiritual warfare and deliverance) have been reassigned into the new core course areas. Students entering WLI prior to this date are grandfathered into the older graduation requirements.

Ordination/Licensing
